

rhobaAIR® LEATHER CLEANER

(RHOBA ALTIA I202)

ARTICLE-NO. 152012

Leather cleaning and care for aircraft seats

APPLICATION

To effectively care for and clean smooth leather, including the types commonly found in aircraft seats, follow these guidelines:

Apply the cleaner sparingly using a soft, clean, and dry cloth. Gently spread the cleaner over the area that requires attention, using the cloth. Soaking of the surface should be avoided. If needed, use a soft and absorbent cloth to remove any excess cleaner. In cases of severe dirt buildup, repeat the cleaning process as necessary. Prior to use, shake the cleaner to ensure proper consistency and effectiveness.

PRODUCT FEATURES

- ready for immediate use
- effectively cleans and maintains in a single step
- leaves leather surfaces smooth and pristine
- offers a high gloss finish and excellent flexibility
- provides protective properties for the leather surface.
- International aviation approvals:
Boeing D6-7127 Revision L
AMS 1550B (pending)

TECHNICAL DATA

Appearance	white liquid
Density at 20 °C	approx. 1,0 g/ml
pH-value at 20 °C	7 - 8

Before application, test material compatibility at an inconspicuous area. Follow the cleaning and care instructions provided by the manufacturer. We cannot be held liable for improper use and resulting damages.

STORAGE

Storage temperature: 5-30 °C
Shelf life: 12 months
