

rhobaAIR WC CLEAN T

(RHOBA ALTIA I203)

ARTICLE-NO. 152017

Airplane toilet cleaning concentrate

APPLICATION

Depending on the contamination, the product is applied undiluted or diluted 1 : 1 with water. Before cleaning, make sure that the toilet system is empty. The exposure time is several minutes, depending on the degree of soiling. Regular flushing helps to distribute the product thoroughly. After cleaning, drain product and rinse thoroughly with water. The product can also be used for cleaning during the overnight stop. For the overnight cleaning, add 1 litre of rhobaAIR WC CLEAN T with 2 kg of crushed ice to the toilet system.

| Application | Concentration |
|-------------|----------------|
| manual | 50 - 100 Vol.% |

PRODUCT FEATURES

- water dilutable concentrate
