

rhobaAIR AEROPOLISH SPR

(RHOBA ALTIA A301)

ARTICLE NO. 152021

Cleaning, polishing and care product

APPLICATION

Apply a thin layer to the pre-cleaned surface using a dry, clean cloth. Polish evenly with a dry, clean cloth or polishing cotton. Alternatively, a suitable polishing machine can be used (max. 1000 rotations/minute with low polishing pressure). When polishing, make sure that polish remains moist. If necessary, spray lightly with water.

PRODUCT FEATURES

- Cleans, polishes and maintains in one step
- Serves to freshen up matt/weathered paintwork
- Can be used manually or with a polishing machine
- Gently removes scratches and dull spots from aircraft plastic windows
- Can be used on painted and unpainted surfaces
- Specifically developed for aviation materials
- Silicon-free
- International aviation approvals: AMS 1650B, Boeing D6-17487 Revision N,
- McDonnell Douglas CSD #1, Lufthansa approval. Corresponds to the LH Technik AG „Grey List“

TECHNICAL SPECIFICATIONS

Appearance	Whitish to beige polish
Density at 20 °C	ca. 0,97 g/ml
