

Highly effective and low-foaming industrial cleaning concentrate

APPLICATION

RHOBA LAVIA W317 is a water-dilutable, low-foaming industrial cleaning concentrate for cleaning heavily used workshop and industrial floors. Can be used in cleaning machines as well as for manual cleaning.

RHOBA LAVIA W317 is always used diluted with water:

Depending on soiling and application, dilute 1:1 to 1:100 with water.

PRODUCT FEATURES

- removes stubborn dirt, especially grease, oil, deposits, incrustations, resin, household and industrial dirt as well as environmental dirt
- removes encrusted grease residues or charring, including barbecue residues
- very economical, due to excellent dirt-dissolving properties
