RHOBA LAVIA L303

ARTICLE-NO. 078072

Mould cleaner

APPLICATION

RHOBA LAVIA L303 is a highly effective, ready-to-use special cleaner. Simply spray onto the surface to be cleaned or immerse the part to be cleaned and leave to act for 15 seconds. Then remove the residues with a brush, paintbrush or cloth. Recommendation: The cleaning time can be shortened by heating the surfaces to be cleaned up to 90°C. Plastic residues that are difficult to remove, e.g. burnt-on residues, should be soaked overnight. Corrosion-sensitive materials should be protected with our **RHOBA SUPRA C** products after cleaning.

PRODUCT FEATURES

- low volatility
- has proven itself when cleaning injection moulds and spinnerets
- does not attack material surfaces such as steel, aluminium and non-ferrous metals
- thoroughly removes plastic deposits, acrylates, PA, PVC, PC, PPS, PEEK, resins, rubber residues, adhesive residues, paints, asphalt and tar, among other things

TECHNICAL SPECIFICATIONS

Appearance	colorless liquid
Density at 20 °C	approx. 1,0 g/ml
Flash point	> 90 °C

Before application, test material compatibility at an inconspicuous area. Follow the cleaning and care instructions provided by the manufacturer. We cannot be held liable for improper use and resulting damages.

STORAGE

Storage temperature: 5-30 °C
Shelf life: 12 months

Stand: 2024-06-17
